

## TraderMade REST API Free Tier Access Guide

You have full access to the following for 1 month:

- **Live Market Data**
  - Real-time mid-price data for Forex, CFDs, and Crypto
  - Endpoint: `/live`
- **Currency Conversion**
  - Real-time conversion between any two currencies
  - Endpoint: `/convert`
- **Historical Daily Data**
  - Available for the current date. (EOD) data after 1 month
  - Covers trading days only (no weekends)
  - Endpoint: `/historical`

### Important Limitations are Not Available on the Free Trial

These endpoints are not accessible at all on the free plan:

- `/minute_historical`
- `/hour_historical`
- `/pandas_data`
- `/tick_historical` (Full tick data available on the Advanced plan only)

### Always Available

- Time Series Endpoint Access
  - Only EOD (End-of-Day) daily data available
  - Intraday (minute or hourly) available (EOD) on the free plan
  - Time series data does not include today's data

### After Free Trial (Post 1 Month)

Once your 1-month free trial ends:

- Access to `/live`, `/convert` will be disabled
